

Defeat Champions

The McMaster park Hot Dogs won the city championship Saturday, August 27, by defeating the southern champions, Walter's park by a score of 23 to 2. The big man for the Hot Dogs was Gary Little, pitcher, who pitched a one-hit game while striking out eight men.

Registration In Progress At El Camino

With an anticipated enrollment of 6800 students, El Camino college will open on September 12 for its ninth year of operation.

Fewer than 1000 students have yet to enroll before the predicted registration figure is reached, college officials have indicated. More than 500 students had enrolled at the close of the first two weeks of registration.

Registration

Sign-ups for fall semester classes may be made until September 7.

Late registrants will have the opportunity of entering classes from September 12 through September 16, but will miss the opening class meetings.

Although a total of 805 classes was available for students at the start of registration, a large percentage of these has already closed because of the record enrollment, Dr. William H. Harless announced. Several new instructors will be added to the college staff in order to meet needs where numerical demands are greatest, he added.

Already employed to meet increasing demands are 23 instructors, bringing the total faculty and administrative staff of the college up to 153.

Three new buildings will be all or partially ready for occupancy when classes open.

The new Art building will be completely ready, facilities for the new campus health center will be available, and classrooms in the little theater and music building will be ready for use.

15 Schools Added to District Since 1947

During the past year the Torrance Unified School District has completed 132 new classrooms to help meet the needs for housing the tremendous student population increases. Thirty new classrooms became available for instructional use with the completion of the new Crenshaw school and the Hillside school.

Twenty additional classrooms have been added to Perry school, North Torrance school, and Seaside school.

Summer Play Program Ends

Official closing date of the summer recreation program at Torrance parks and schools was 5 p.m. Wednesday, August 31. Torrance recreation department officials announced this week.

There will be recreation leaders on the area until Friday, September 2. However, most of their energies will be used in cleaning the play rooms and playgrounds in preparation for the beginning of the school year.

There will be a notice within a few weeks concerning the plans for the fall program.

When Torrance Unified School District was organized in 1947, Torrance high school and four elementary schools — Torrance elementary school, Fern avenue school, Walteria school, and Perry school—were the only educational plants within the city limits. Since that time the following schools have been built:

Seaside, North Torrance, Madrona, Carr, Crenshaw, Meadow Park, Newton, North high school, New Walteria school, Greenwood, Riviera, Wood, El Nido, Hillside and Steele.

Bids are being advertised for construction of the Sepulveda school. Building plans are being checked by the State Division of Architecture for the Arlington school. Actual construction on these

two projects will commence in the very near future.

Preliminary planning is under way on the South high school, new Meadow Park school, and Parkway school.

New school sites are being acquired directly west of the North high school site and on 238th street in the Wood School area.

Fast Buck Operators Due For Lincing!

"In view of the situation that has been created in the automobile business," stated Walter G. Linc, Dodge-Plymouth dealer in Redondo Beach, "I feel it's about time something was done."

The following is a letter sent in by Linc to more than 6000 of his customers:

Dear Neighbor:
Isn't it about time that you and I had a heart to heart talk about the automobile situation? You cannot imagine how badly Mrs. Linc and I feel, after devoting 33 years to the sales and service of Dodge and Plymouth cars and trucks, to see a dignified business turn into a carnival of wild misstatements, sham, and tricky, high-pressure selling. As an intelligent individual you are probably as disgusted with this situation as we are.

When you buy your car from us, you are dealing with a friendly neighbor. If there are adjustments to be made, we are here to take care of them with a SMILE. We have been doing business in Redondo for 33 years, and intend to remain long after these "fast-buck" operators are gone and forgotten.

We sincerely believe that in Dodge and Plymouth, we have the finest cars on the road, and we can give you any color or style you desire. And most important, we can MEET and BEAT any legitimate deal offered you, without "gimmicks." We don't spend thousands of dollars on Radio and Television to entice you in, so we can pass these dollars on to you.

Don't be fooled... you only get what you pay for. There are no Santa Clauses in the automobile business, but by dealing at home, you can be assured of a GOOD DEAL, all-ways. Drop in and try the new Dodge and Plymouth today. Any of us will be delighted to serve you.

Sincerely yours,
WALTER G. LINC.

Fisher Hardware Co.

In this modern age of specialization, we have on the west side of our city, a store that is outstanding in its field. The Fisher Hardware Co., 2215 Torrance Blvd. Ph. FA 8-6459 is a specialist. The owner has combined under one roof several departments that handle all types of light hardware, kitchen ware, home appliances and gifts. They have a fine line of builders hardware and are recognized as authority on modern as well as specially designed hardware for the discriminating home owner.

Each field is thoroughly covered and you can be sure that whatever you need you can find it here. The merchandise offered is top quality, name brands that are guaranteed and can be relied upon at all times. Prices are always reasonable and budget terms are available if desired.

Featured items at this store are their paint and painters supplies, garden equipment and workmen's tools.

Fischer Hardware is thoroughly familiar with all phases of the hardware business. They stand ready to assist you with and decorating or repair problem you may have in your home. These are but a few of the many reasons why we recommend them to our readers as the hardware store of our choice on the westside. Try them and you will agree.

workmanship is excellent and only quality parts are used by this firm. This guarantees that you will be pleased with the results. They are specialists on brakes, transmission and ignition work and we suggest you call them or go in to see them soon. You will find their friendly courteous service is complete and their prices are reasonable, terms can be arranged if desired. We wish to recommend them to all of our readers in this business review as the auto repair firm of our choice in the area. Try them and you will agree.—Adv.

Prizes Given At Annual Elks' Picnic

The first annual picnic of Torrance Elks' Lodge 1948 was held recently at El Retiro park. The entertainment was under the supervision of Lee Lease and his committee.

Trophy winners for the foot races were: Randy Bell, Thresa Oddi, Robert Warren, Vicki Garrod, Gary Portry, Sharron Burns, Ronnie Waller, Judy Warren, Jack Spencer, and Marjorie Cannon.

Winners at the balloon blowing contest were: Bill Cannon, and Diana Cook.

Sock racing prizes went to Kathleen Jones, Ronnie Waller, and Sharon Jones.

Egg toss winners were Ronnie Portry and Ronnie Waller, and the door prizes went to Elaine Daikoski and Dennis Rector.

Williams' Garage

If your car is hard to start, stalls in traffic, or burns oil and gas you need the services of Williams' Garage at 1405 Border Ph. FA 8-4174. A faulty car is not only hard on your nerves but can actually be dangerous to drive in today's heavy traffic.

Quite often you can save a great deal of money by attending to minor repairs when they are first needed. And if your care is in need of major repairs a complete motor overhaul will save the high price of another car. The motto of this firm is no job too large or too small. From tune-up to overhaul the

workmanship is excellent and only quality parts are used by this firm. This guarantees that you will be pleased with the results.

They are specialists on brakes, transmission and ignition work and we suggest you call them or go in to see them soon. You will find their friendly courteous service is complete and their prices are reasonable, terms can be arranged if desired. We wish to recommend them to all of our readers in this business review as the auto repair firm of our choice in the area. Try them and you will agree.—Adv.
